

Instructions for Callbacks:

Song Title: *The Lamb*

Composer: Kim Andre Arnesen

Please learn your part starting from measure 15 and going until the end of measure 45. Watch for musical phrasing, i.e., rests, breaths, dynamics. I will be listening to make sure you do those things without being told to. Also, be sure to learn the part listed on the callbacks.

You can find some great recordings of this song online. Do some research and find good recordings. Your willingness to prepare on your own will help me determine who will make it in to Chamber Singers for next year.

Good Luck!

Mr. Rasmussen
